

# BioSoy

BioSoy is formulated based on scientific grounds and contains soy powder, lecithin, vitamin B complex and choline that boost the body to naturally produce the purest form of lecithin.

---

## Features:

1. Easy-to-use powder provides an array of vitamin B and choline to promote body's synthesis of lecithin.
2. Lecithin supports efficient transport of fats and may help to improve absent-mindedness.

## Directions:

Take 1 scoop daily. Sprinkle onto cereal, soup, salad or may be eaten directly.
