

VIVA EZ Kids

VIVA EZ Kids powder is a tasty drink mix for younger children who can't or won't take tablets and ensures that they get the vitamins and minerals they need for proper growth and development in a form they will enjoy.

Features:

1. Provides multiple and adequate multivitamins, minerals, choline and amino acids for children.
2. Protein-based formula for fast and effective absorption.
3. Contains choline that is beneficial for brain development.
4. Provides nutrients that boost up the immune system.
5. Aids in a child's mental development and improve overall well-being.
6. VIVA EZ Kids can be blended with milk or water to provide essential nutrients for younger children.

Directions:

Mix 2 scoops with 8 oz (240ml) of cold milk or soy milk.
