

Ginkgo Biloba & LiQuick Ginkgo Biloba

Ginkgo Biloba Extract (GBE) comes from the fan shaped leaves of the ginkgo tree. The extract contains a number of compounds.

VIVA Life Science's Ginkgo Biloba contains a minimum of 24% ginkgolides and bioflavonoids, a vitamin like compound. It is produced from a 50:1 extract. This means that we process one part ginkgo biloba from 50 parts ginkgo biloba leaves.

VIVA Life Science's Ginkgo Biloba is available in convenient, easy to swallow capsules. There are two different bottle sizes to choose from. You can also enjoy the benefits of ginkgo biloba with Liquick Ginkgo Biloba. It can be taken alone, with juice or with water. Please follow the directions on the label.

Directions:
3 capsules or 2 dropperfuls daily.
