

REFINE

Evening Moisturizer 30 ml (1 oz)

Blanket your skin with silky nutrients that promote youth enhancing activities while you sleep. This formulation gently exfoliates dead skin cells with non-chemically buffered 8% L-Lactic acid, while it decongests and tightens pores, reducing the visible signs of aging. This pampering formula helps to strengthen the skin by keeping the collagen fibrils from becoming brittle as it sips in moisture throughout the night. As a result, you will awaken with softer, smoother, more resilient skin and reduced fine lines and wrinkles.

Features:

1. L-Lactic Acid - chirally correct form of alpha-hydroxy exfoliant derived from yogurt. Easily absorbed by the skin and non-irritating.
2. Shea Butter - natural vitamin E to help prevent lipid-peroxidation in the topmost layer of skin. Helps soothe and heal.
3. D-Beta Glucosamine - chirally pure extract of the Chinese Fox Glove plant that helps the skin produces cellular lubrication and strengthens membranes.
4. Grape Seed Extract - Powerful antioxidant that provides antibacterial protection and protects the skin from radiation.

Directions:

Apply onto cleansed and toned face and neck during the night.
