

VIVA Kids Plus

VIVA Kids Plus is a delicious chewable tablet for young children to ensure that they get the vitamins and minerals they need for proper growth and development.

Features:

- Each tablet provides substantial amount of 10 vitamins: A, D, E, C, B1, B2, B6, B12, folic & pantothenic acid.
- Each tablet also provides 8 types of essential minerals: Calcium, Iodine, Iron, Copper, Zinc, Selenium, Chromium and Molybdenum.
- Protein-based formula for fast absorption.
- Delicious chewable tablet with natural cherry flavor.
- Great for kids who have difficulty swallowing tablets to ensure they get the nutrients they need.
- Great for kids with poor appetite or picky eaters who may be missing out on essential vitamins and minerals.

Directions:

For children 3-4 years old, take 1 tablet daily. For children 4 years old above or adult take 1 tablet twice daily.
